Heroes Skydiving Background:

Heroes Skydiving was founded in 2008 with the goal of bringing together hero skydivers for high-end challenging sequential skydives and lots of fun, while being affordable, successful, and raising funds for non-profit charities. Heroes skydivers are those with the ability and determination to be a hero in the sky and on the ground. In the sky we make some of the most amazing and fun skydives ever attempted. On the ground we are positive teammates to each other, positive ambassadors of the sport, and support non-profit charities. We have fundraised for local and national organizations including the Hoke County Animal Shelter, the American Red Cross, Autism Speaks, and the National Skydiving Museum. A major aspect of the Heroes Mission Impossible event will again be fundraising! Stay tuned for more details!
