Background: Heroes Skydiving was founded in 2008 and continues to rock several high-level invitational skydiving events every year as well as tunnel training and tunnel bigway training. For many years the annual Bigway sequential event, held every June at Raeford, was preceded by a day of 6-way in the tunnel. Following the excitement and success of that 6-way event, there is now a 6-way Mega Meet for competitors wanting the ultimate and super fun competition every December!

Heroes skydivers are those with the ability and determination to be a hero in the sky and on the ground.
